SPECIALTY CHEMICALS

For the finest in specialty chemicals and maintenance systems, call on Beaver Research Company. From hand care to grounds care, greases to degreasing products, we carry some of the industries best formulated chemicals and natural compounds to achieve a “job well done.” We’ve been serving the southwest Michigan area since 1968, and with over 30 years of experience, our knowledgeable staff will recommend the best chemicals to meet your maintenance needs.

So for more information on products or for help developing the ideal maintenance system for your company or institution, regardless of its size, call Beaver Research Company in Portage at 269-382-0133 or toll free at 800-544-0133.

57-A

Liquid Parts Degreaser

57-A is designed for universal application in the cleaning of metal parts. It does not affect rubber or plastic fixtures. Excellent for removal of pitch, tar, asphalt and greases from metal parts. Rinses freely and completely.

57-B

57-B is a solvent type degreaser designed for universal application in cleaning of metal parts. It replaces the dangerous, highly volatile straight solvents and chlorinated solvents. It has an open-dish flash point of 140 degrees and can safely be used on all aluminum and ferrous or non-ferrous metal. It does not effect rubber or plastic fixtures when used according to directions. It rinses freely and completely, leaving no trace of film when air dried.

Bio Solve

This is solvent-type degreaser, with terpene added for increased cleaning power and biodegradability, is excellent for cleaning of all ferrous and non-ferrous metals. It replaces the dangerous, highly volatile straight solvents and chlorinated solvents.

Blue Magic

A non-filming, non-corrosive cleaner that has a pH of exactly 7.0. It emulsifies oils, grease, cutting oil and other forms of organic and inorganic soil. Blue Magic leaves no film or alkaline residue, making it ideal for damp mopping.

Clean-Sol

Clean-Sol is a truly remarkable, 100% organic formulation which represents an exclusively new approach in "one step" degreasing and deodorizing. The natural, citrus aroma of Clean-Sol provides a multitude of added values such as odor control, unclogging drains, and the removal of tar and asphalt from most hard surfaces. This non-corrosive, multi-purpose product effectively strips grease and heavy oil deposits from practically any surface.

DG-27

Controlled Release Cleaner

DG-27 is an alkaline (completely biodegradable) cleaner that uses the unique concept of controlled release of active ingredients during the cleaning process. This sustained release feature assures maximum "wetting action" and imparts a cling property making it ideal for vertical surfaces. It has excellent grease and oxide removal properties.

GB-915

This product cleans by spontaneous emulsion and contains no butyls or toxic solvents. It is inhibited against attack on all metal surfaces and retards corrosion. GB-915 brightens weathered aluminum and is USDA approved for use on all surfaces in all departments of federally inspected establishments.

GB-915 NC

Non corrosive, low P.H. spontaneous emulsion cleaner. Contains no butyls or toxic solvents. Contains inhibitors to prevent rust or corrosion on metals. USDA approved.

Grease Go

Fireproof Degreaser for Heavy Duty Cleaning

Grease Go takes charge of every clean-up problem. Easy to apply. Rinse with clear water and let dry. This product is unconditionally guaranteed to satisfy.

Kleer Flo

This is a solvent-type degreaser designed for universal application in cleaning of metal parts. It has an open dish flash point of 170°F and can be safely used on all aluminum and ferrous or non-ferrous metal. It does not affect rubber or plastic fixtures when used according to directions. It rinses freely and completely, leaving no trace of film when air dried.

NB-215

An amazing water soluble cleaner/degreaser that contains no added perfume or butyl cellosolve. This product has a built-in chemical deodorant that destroys bad odors. Works well in hot, cold, hard or soft water.

Pink Power

A perfectly balanced, color-toned concentrate dissipates the greasy base of soil immediately by emulsification. Easy to use and very economical.

Power Watz

High-flash Citrus Formulated Solvent

This product contains no chlorinated solvents or ozone depleting chloroflourocarbons (CFCs), and because of its 140°F flash point, it is not considered hazardous as defined by EPA 40 CFR261.21. This natural formulation safely replaces both CFCs and chlorinated solvent degreasers, has a fresh orange fragrance and evaporates without residue. This product works well in dip tanks and parts washers. Because it is non-conductive, this formulation is widely used for the cleaning of electric motors and components.

S-701

Foaming Degreaser

This ready to use product has a special foaming trigger sprayer that foams the chemical to put millions of powerful bubbles to work on any type of surface. S-701 is non-flammable, user safe, and environmentally biodegradable.

S-711

A non-butyl, foaming, water-soluble, non-flammable cleaner designed for heavy-duty cleaning, S-711 is environmentally friendly. It has a unique foaming ability that allows the chemical to work for you by penetrating and loosening most soils for easy removal.

S-722

A foaming, water-soluble, non-flammable cleaner, especially designed for heavy duty cleaning, S-722 is user-safe and environmentally biodegradable. Its unique foaming action puts millions of powerful bubbles to work on any type of surface. The foam adheres to vertical surfaces and allows the chemical to clean for you. You can actually see the powerful S-722 foam dissolve and loosen dirt and grime, and float it away.

Slam

New technology allows this cleaner to work better than high caustic, high PH. cleaners. New surfactants enable Slam to completely penetrate and emulsify grease, oil, rubber marks, and dried soil leaving a film free surface. Slam was designed especially for automatic scrubbers, but is equally effective with hand mopping.

Surface Scum Remover

Concentrated Floor and Hard Tile Wall Cleaner

Surface Scum Remover eliminates alkaline surface film, soap, body oil residues and scum. It improves beauty, depth and color of any cleaned surface. This product is USDA approved for use in federally inspected meat and poultry plants.

Super Bea-Kleen

All-Purpose, Biodegradable Cleaner

Super Bea-Kleen contains no harsh alkalies yet cleans every surface easily and thoroughly. This product rinses freely, does not leave a residue and has a pleasant fragrance.

Terp-A-Klean

Organic Degreaser, Declogger and Deodorizer

Terp-A-Klean's 100% organic formulation represents a completely new approach to one-step degreasing and deodorizing. It is non-corrosive and contains no petroleum distillates, organic halides or alkalies. This multi-purpose formulation will strip grease and heavy oil deposits from virtually any surface. Exhibits excellent degreasing action on solvent base spots and stains. It will easily emulsify in water at ambient temperature to penetrate and liquefy many different types of resins and greases.

Industrial Aerosols

Air Duster

Moisture-Free Clean Air

Puts high-pressure precision dusting at your fingertips. Used extensively in photo, chemical, computer and electronic assembly, repair and manufacturing operations. Completely dry and abrasion free. Eliminates the possibility of blowing moisture into sensitive electronic parts. Pressurized with a nonflammable propellant to eliminate fire hazard.

Away De-Icer Spray

Quickly loosens ice and frost from windshields and windows. Thaws frozen locks. Non-corrosive.

BPK-200

A high performance degreaser for removing brake fluids and grease from small parts, bearings, etc. Leaves no residue, dries fast, and is safe on plastics. For general degreasing.

BPK-2K

This highly concentrated solvent blend provides maximum performance in a degreaser without the use of ozone depleters or chlorinated solvents. Powerful blasting spray easily removes brake fluid, grease, oily dirt and contaminants from linings, pads and drums, cylinders and springs without disassembling the unit. Also includes extension tubes for hard-to-reach areas. Will not foul waste oil. This excellent, all-around metal parts cleaner is specially formulated to meet or exceed the 1/1/97 V.O.C. requirements for California.

BVK-94

Non-Selective, Rapid, Aerosol Weed Killer

This product provides rapid knockdown and kill of most weeds and unwanted vegetation. Use around fence rows, parking lots, buildings, loading ramps, storage yards, tank farms, industrial plant sites and similar areas. Use to kill weeds which interfere with drainage, create a fire hazard or cause unsightly appearance. Contains a soil sterilant, which will control weeds up to one year. Can sprays upside down only.

Battery Terminal Cleaner

Cleans corrosion build-up around terminals, eliminates corrosion residues and provides a protective film. Uses color performance indicator—turns red in presence of acid, turns yellow when acid is neutralized.

Bea Coil

Coil Cleaner

A powerful, thick, clinging foam which removes dirt, lint and grease from air conditioner and heater coil fins. Portable aerosol features a strong directional spray which helps force foam into coil air spaces. Water-based foam creates no harsh vapors and leaves a fresh scent. Bio-enzymatic action attacks mold and fungus stains. Spray in pan and drain lines to keep them clear and destroy odors.

Bea Jel

Jelled Deodorant

This unique jelled deodorant is designed to be used anywhere offensive odors are a problem. The clinging gel allows product to be applied on horizontal, vertical, and irregularly shaped surfaces. Its slow-releasing formulation continuously provides fragrance for extended periods of time until the gel evaporates completely. Reapply as necessary. Ideal for use on hard, non-porous surfaces. Spray on air conditioner filters, above doors, in trash receptacles and dumpsters, on walls, in port-a-toilets, above ceiling fans, and behind toilets.

Bea Slik

Heat Stable Silicone Release Agent

Bea Slik stops sticking and binding, protects equipment and increases production. It is colorless, odorless, non-staining, waxless and heat stable. Withstands temperatures from -40°F to 392°F. USDA and FDA approved for food contact.

Bea Tef

An all-purpose dry lubricant and release agent. Chemically inert powder for low friction and excellent release characteristics. Uses Vydx powder, a DuPont product.

Bolt Buster

Special penetrants “creep” deep into rusted or corroded parts to allow fast and easy release. Lubricates and displaces moisture, and is non-flammable. USDA approved.

Chain and Cable Lube

Penetrates and lubricates internal parts of conveyor chains as well as cable. Imparts molybdenum disulfide residue and also forms a rust preventive coating.

Choke and Carburetor Cleaner

Frees and cleans carburetor parts including valves, linkages, thermostatic coils, accelerator parts. Cools automatic chokes for adjustment.

Coil Solve

Coil Cleaner

Coil Solve offers maximum cleaning and degreasing from an aerosol coil cleaner. The high solvency formula quickly and easily liquifies dirt, grease, oil or other residue and deposits while the blasting nozzle powerfully separates the undesirable materials from the surface. Coil Solve can be used on most types of coils and is super fast evaporating, requiring little or no wiping or post-use cleanup. The nonflammable, nonconductive formula is safe to use on or near live equipment while the pleasant lemon fragrance leaves a clean and fresh smell. Coil Solve contains no ozone depleters.

Dry Moly Lube

A quick-drying lubricating film with superior anti-friction, anti-seizing properties suitable for high pressures and high temperatures. Excellent for dirty environments where oil or grease is not suitable. Leaves a solid, dry film of molybdenum disulfide. 110° to 1050°F. 100,000 PSI.

EZ-GO Gasket and Contact Cement Remover

A strong, fast, clinging solvent which removes gasket sealants, cements, adhesives, paint and varnish. Also good for removing vandalism from brick.

Fantastic II

A non-flammable, non-conductive solvent degreaser for cleaning dirt, grease and grime from electrical contacts, motor, engine parts, bearings, tools, etc. Contains no ozone depleting chemicals.

Fantastic II Scented

All the cleaning power of Fantastic II but with a lemon fresh scent.

269-382-0133
or
800-544-0133

Food Grade White Grease

A high-purity, high-temperature, ultrapolymers-structured white food grade grease with outstanding load carrying ability and high temperature resistance. Protects against rust, oxidation and wear. Resists water and steam washout. USDA and FDA approved.

Gear Plate Open Gear Lubricant

A tacky, semi-viscous, sprayable liquid coating that lubricates and protects all moving metal surfaces from metal-to-metal friction. Forms an elastic retractable film that constantly and automatically replaces itself with every revolution or movement of the metal part. Fully effective under water and in hot or cold conditions.

Go Free

A penetrating oil with a unique concentrated formula containing micron-sized particles of molybdenum disulfide and tetrafluoroethylene. Forceful jet spray penetrates through rust and corrosion to free and lubricate frozen parts. Contains no chlorinated solvents.

Grit On

Slip Resistant Epoxy Coating

A slip-resistant, epoxy coating that cures to a hard, flat, textured finish. Designed for interior and exterior use on concrete, steel, wood, fiberglass, aluminum and other surfaces where a slip-resistant finish is desired. Effective on steps, ramps, loading docks, ladders, running boards, showers, bathtubs, around machinery and anywhere water or slippery conditions exist. Available in black, clear, and safety yellow.

HI-P Contact Cleaner

High Purity Solvent

The ultimate purity solvent for critical cleaning of magnetic tape, computer, electronic, radio, telephone and transmission equipment. Ideal for cleaning contacts in assembly operations prior to inspection. Solvent does not affect air conditioned atmospheres. Used extensively for cleaning hi-tech equipment. Will not harm plastic.

HI-P-PS

This aggressive aerosol precision cleaner provides high performance yet is economical in use. The advanced aerosol product is a high purity, nonresident, fast dry formula that is completely plastics safe and contains no ozone depleters or chlorinated solvents. For added user safety, it is nonconductive to over 41 KV per ASTM D-877 and will not cause "freeze out" or attract moisture when used as directed.

Insta Shine

A new generation aerosol dusting, cleaning and shining aid all achieved in one simple application. Quick breaking foam contains no silicones or wax thereby eliminating surface build-up. Just spray on, wipe clean and buff to remove dust and restore life and brilliance to almost any surface.

Kleer Kote

A spray-on, clear, flexible, plastic-like protective coating for all flat or curved surfaces, Kleer Kote may be used for protecting and waterproofing outdoor signs, electrical connections, inspection tags, tools, documents, boots, canvas, etc. Kleer Kote is extremely durable, stays put, absorbs vibrations and has a high di-electric strength.

Kuul Cutting and Tapping Fluid

A cooling and lubricating fluid for use with drills, taps and cutting tools. Suitable for practically all metals. Synthetic base.

Masterlube NC

A non-flammable, non-conductive, all-purpose mechanic's spray. Makes any repair job easier. Loosens frozen and rusted parts of locks and hinges. Provides lubrication and corrosion protection. Displaces water in wet electrical systems. Protects tools and machinery. USDA approved.

No Grab Lubricant

Extreme high temperature, high pressure lubricant and sealant prevents galling, seizing and galvanic action. Suitable up to 2100°F.

PMR Mold Release—Paintable

A lecithin base, non-silicone, mold release that allows parts to be painted, laminated and bonded.

Protecto Flex

Provides a semi-hard, dirt-resistant, long-term corrosion preventive coating which will not crack with expansion, contraction or flexing. Gives prolonged protection for metal parts and machinery against atmospheric conditions. Will penetrate existing rust and stop it.

Red Spray Grease

All-purpose, heavy-duty penetrating grease suitable for temperatures from -40°F to 570°F. Has excellent adhering properties, water resistant and good for extreme pressures and high shock loads. Actually cleans out old grease and oil and then puts in new clean grease. USDA approved.

Royal Flush

Next-Generation Solvent Degreaser for Industrial and Electronic Maintenance

The advanced chemistry combines powerful degreasing action with the low individual/environmental impact. The nonchlorinated formula contains no known or suspected carcinogens, ozone depleters or materials subject to regulation under California Prop65, SARA 313, NESHAP, HAP, or RCRA. As a multi-purpose industrial cleaner, this fast-evaporating, nonflammable product can be used anywhere in industry to remove grease, oil, dirt, and other deposits from virtually any metal equipment. Royal Flush can also be used on live electrical equipment. The product features a special dual action valve system which enables both a misting spray for broad area degreasing and a blasting spray for hard to reach areas and extra deposit removal power.

Refresh

H.A.V.C. Treatment

This unique product is specially formulated to handle the problems associated with moisture and deposit accumulation in heater and air conditioning systems. The quat fortified formula's powerful fresh fragrance and chemical odor counteractant system does not just cover up malodors but effectively eliminates them at the source. It helps refreshen systems subjected to damp, musty type aromas, cigarette smoke, food odors, pets, and other undesirable aromas. The forceful spray and easy-to-use actuator and extension tube assembly allow for access to recessed chambers without disassembly. Formulated with the environment in mind, this product has no CFC's or other ozone depleters.

SS 316

Stainless Steel Coating

A super-tough coating containing a stainless steel flake suspended in a polyurethane binder. Protects metal, wood and ceramics from corrosion and deterioration caused by harsh chemicals, severe weather or abrasion. Will withstand temperatures to 1200°F.

Silicone Lube

High-viscosity, food-grade lubricant and release agent. Prevent adhesion of dirt, chemicals and glue. USDA approved.

Silicone Spray

A heat-stable mold release which is non-flammable, colorless and odorless. An extremely high viscosity silicone that resists breakdown under mechanical shear or heavy load. Formulated for acrylics, polystyrenes, cellulose, polyester, rubber, melamines, etc.

Safety Lube

Food Processing Equipment Lubricant

Odorless and tasteless, yet it adds up to 80% more life to blades on choppers, dicers, slicers and food processing equipment. May also be used as a release agent on gaskets or seals of tank closures, and as an airline lubricant. USDA and FDA approved for food contact.

Skin Shield

A protective hand cream to prevent irritation from oils, solvents and paints. A barrier that lets skin breathe and makes hand easier to clean.

Slick

A penetrating, teflon-enriched lube, Slick is clean and long-lasting. It will withstand temperatures from -30°F to 600°F, prevent sticking and freezing of rubber to metal, prevent rust and corrosion, and resists water washout.

Static Kil

Prevents static and reduces dust attraction on all machinery parts, especially packaging machinery. Effective on synthetic and paper materials.

Stick-Up

A versatile and convenient means of bonding paper, cloth, wood, metal, gaskets, hose connections and fittings. Wide spectrum chemical resistance. High copper base. Eliminates hot spots.

Top Gun

An industrial-strength foam cleaner and degreaser, Top Gun enables simple and easy cleanup of tools, parts, workbenches, vent covers, machinery, industrial equipment, coils, concrete, and more. Sprays as an eluding, heavy-duty foam that clings to surfaces and provides extended cleaning contact time. Contains super powerful, water-soluble, grease dissolving agents for instant "mega forceful" cleaning action. Provides a self-indicating foam, which quickly breaks down grease and grime and becomes dirty indicating soil is ready to be flushed away. Deodorizes as it cleans, leaving the area with a fresh citrus scent.

Sure Grip Belt Dressing

Special ingredients prevent slip on V-belts, flat and round belts, rubber, leather or fabric. Increases power without gumming. Will not glaze or collect dust. Works well in wet, outdoor conditions. USDA approved.

White Grease

A multi-purpose, all-weather, long-lasting, water-resistant, white grease ideal for automotive and industrial applications.

Bea-Zyme

Biological Waste Degradar

Bea-Zyme is a technological breakthrough representing extensive laboratory research by our team of experienced scientists and researchers. In addition to the diastatic, proteolytic, amylolytic and lipolytic activity of our other products, Bea-Zyme has an added catalyst which degrades toilet tissue overnight. This product is designed to function synergistically as a biological augmentation to the process of natural waste degradation.

Big Red Floating Solvent

A no scrubbing cleaner and degreaser that floats on top of water, cleaning and degreasing the sides and mechanisms in lift stations and wet wells. Also acts as an odor blanket.

Blitz

A non-fuming, thermo-chemical drainline maintainer and opener, Blitz is a citrus scented pelleted drain opener that attacks the key sources of stopped or slow moving drains (hair, soap scum and slime) to restore full flow to the drain. Blitz is safe for septic systems, plastic and metal pipes.

Drain Eze

Non-acid, non-fuming drain opener quickly removes grease, hair, lint, vegetable and other organic matter.

Geronimo

A concentrated sulfuric acid with excellent inhibitors to protect metal pipes from acid action. Quickly dissolves blockages in sink drains, floor drains and toilets.

H.P. 88 Sewer Solvent

A granular or beaded solvent that dissolves tree roots, grease and most other blockages in sewer lines, parking lot drains and large floor drains. Controlled time release action keeps H.P. 88 working longer on obstructions.

Lift Station Degreaser

A floating degreaser and cleaner for lift stations and wet wells. Lift Station Degreaser gives continuous automatic cleaning and degreasing for lift station walls, floats, pumps and other mechanisms.

Power Blocks

A super-concentrated enzyme packed into a self-dissolving block, Power Blocks are formulated for fast and continuous removal of grease and organic material from grease traps, wet wells, lift stations, etc. Power Blocks will lower B.O.D. levels in effluent, reduce or eliminate grease trap odors, save on costly cleaning of grease traps and drain lines. Power Blocks will work in hot or cold water. Available in different sizes for your application.

Power-Zyme

A revolutionary new approach to grease waste elimination. This microbiological breakthrough allows the natural ability of bacteria/enzymes to digest and degrade waste, even in the presence of bleach, alkali, disinfectant, chlorine, chlorinated dishwash soap and heat to 180°F. Will work when others won't. USDA approved.

Q.M.D.

A powdered enzyme for use in sewage treatment plants, drain fields, septic tanks, drain lines and many other areas. Contains all five enzymes for fast, effective results. USDA approved.

Safe Flo

A dual-purpose liquid alive bacteria that instantly controls odors and liquifies waste. Non-polluting, safe, non-acid and non-alkaline. An excellent drain maintainer that contains all five enzymes for superior performance. USDA approved.

Lithium E.P. Grease with Moly

A lithium stearate soap-base, blue grease that has been fortified with molybdenum disulfide. Gives extra anti-wear protection under heavy or shock load conditions. The moly will actually “plate out” in the parts and withstand pressure up to 500,000 pounds per square inch, thus reducing friction to give extended equipment life.

Moly-Grease — Heavy Duty

A non-melting gray-colored lubricant containing molybdenum disulfide. Fortified to provide anti-wear and low friction performance through a wide temperature range. Reduces friction and protects against excessive wear from extreme loads, galling and seizing. “Plates out” on metal surfaces, imparting extra protection to the parts and extending the lubrication cycle. Resistant to most acids, salt spray, steam, dirt, dust, water, oxidation and weather.

Open Gear and Fifth Wheel Grease

A deep-black, organo-clay grease, formulated for heavy-duty industrial applications. Designed mainly for the open gear application, but because of its extreme tackiness and extreme pressure characteristics, lends itself to many different applications. Non-melt characteristics.

Red Grease — Extra Heavy Duty

A non-melting, all purpose grease especially formulated with extreme pressure and anti-wear additives to provide heavy-duty service. One of the few greases to withstand heavy shock load and impact pressures of 50 Timken load capabilities. Performs at a wide variety of temperatures up to 550°F.

Super Impact Grease

A multi-purpose grease fortified with special additives enabling it to withstand the heavy impact and pounding pressures common to heavy equipment. Will stay in place and not spatter or pound out of the bearing or fitting.

Tuffplate Grease with PTFE

Multi-purpose non-melt grease fortified with sub-micron size PTFE (polytetrafluorethylene) and additives for the industrial requirements of today's users. Will operate in a variety of conditions, including heat, moisture, acid and alkali. PTFE provides added protection by preventing metal to metal contact and giving solid lubricant protection from low to high temperatures.

Ultra High Temperature Grease

A synthetic blend grease specially formulated for high temperature bearing application. Can withstand over 1000°F without breakdown.

White Grease—Lithium Based

A multi-purpose, high-quality, lithium-based, white grease in an aerosol can which gives the grease good penetrating qualities. Provides excellent water and heat resistance up to 350°F.

White Guard Food Plant Lubricant

A pure, white, calcium-based food grade lubricant that has excellent water resistance to prevent washout and insure mechanical stability under working conditions. This product has rust and corrosion inhibitors included in the formulation. Other features include excellent shear stability, excellent low temperature pumpability, white color and buttery texture. Non-toxic, non-staining, odorless and contains anti-wear additives. Will not discolor or oxidize. Accepted by the USDA for use in federally inspected meat, poultry and food processing facilities where the possibility of incidental food contact may occur. Clean up is easy using steam or hot water. Surfaces may be washed with a suitable cleaner and water, then rinsed with clear water before application of lubricant to prevent contamination.

Absorb All

Premium Absorbent

Absorb All premium oil absorbent is designed for industrial use. Absorb All is made from 100% all natural materials. It is an all purpose absorbent that uses capillary absorbent technology. This means the absorbent is engineered for safe, fast, and economical liquid spill pick up. The strong wicking action of Absorb All enables the product to absorb up to six times it's own weight in liquid and totally encapsulates the spill so that the floor is left clean and dry. Absorb All also reduces V.O.C. (volatile organic compounds) by encapsulating the spill. Because Absorb All is so much lighter than clay and diatomaceous earth products, there is less transportation cost for large spills and companies that have to report hazardous waste are in effect cutting their waste generation by 50% or more.

Bake-Off

Bake-Off is an effective, rapid remover of baked-on fats, greases, proteins, and carbohydrate residue of animal and vegetable origins. Its unique formula allows the foam to cling to vertical surfaces for virtually unlimited contact time without dripping. This allows it to penetrate and loosen burnt-on soils so they can be wiped off and rinsed clean. In addition, Bake-Off is economical, nonflammable, easy to use, and does not emit any toxic fumes.

Bea-Glo

A liquid protective shield that blocks out the ultraviolet rays. Protects your plastic, rubber, vinyl, plexiglass, acrylic, leather, wood and painted surfaces. Bea-Glo is waterproof and stainproof.

Bea-Kuul

Bea-Kuul is a multi-purpose semi-synthetic machining and grinding coolant. Bea-Kuul has superior cooling and wetting properties that result in longer tool & wheel life and can be used on a variety of metals. Bea-Kuul is formulated to inhibit bacterial growth and the formation of rust.

Bea-Kwik

Emergency Roof Repair

A natural mineral compound that expands into a gel instantly upon contact with water, to make a temporary, leak proof seal for built up flat roofs. Bea-Kwik can be spread in pouring rain and will move through standing water to stop leaks in minutes. No special equipment is required for handling or pouring. It is non-polluting and will not support flame.

Bea-Sure

Wet/Dry Plastic Roof Cement

A heavy consistency, trowel applied mastic formulated with refined asphalts, special fillers, plasticizers and solvents. Formulated as an all-purpose repair cement, it contains special additives which provide excellent adhesion to damp substrates. It remains soft and pliable through all climactic conditions assuring a durable, weatherproof seal. It is available in both asbestos and asbestos free formulations. Meets all requirements of ASTM D-2822-91 (asbestos) or ASTM D-4586-86 (asbestos free).

Beaver Brite

Aluminum And Stainless Steel Cleaner

A mild, multi acid-based liquid cleaner used to clean and brighten copper, brass, bronze, aluminum and stainless steel surfaces. Effective in air-conditioning, heating and refrigeration maintenance. Will keep all exposed metal surfaces, pipes, and coils clean and bright, when used on a regular basis. Nonflammable. Corrosive. USDA A-3

Beaver Seal

100% Industrial Strength R.T.V. Silicone

Beaver Seal is ideal for use wherever a strong, permanently elastic weatherproof adhesive, sealant or caulk is needed. This product has excellent adhesion characteristics, high chemical resistance and will not sag or shrink due to severe temperature extremes. Available in clear, black, blue, white and red.

Coil-Cleaner

Designed to remove build-up of power robbing dirt, soil, oil and mineral deposits from air conditioning coils and fins. Keeps air conditioning units operating efficiently. Two products available: acid and isonacid coil cleaner.

Convert

A synthetic latex emulsion that chemically neutralizes rust into a neutral organic layer and dries to a tough, long-lasting, black, protective coating. Convert is an excellent primer for all types of industrial and automotive topcoats. USDA approved.

Converter

The same synthetic latex emulsion as Convert but in aerosol form.

269-382-0133
OR
800-544-0133

Dissolve

Asphalt Remover

Dissolve is a environmentally safe cleaner for paving equipment and machinery. Dissolve is based on a biodegradable, naturally occurring organic solvent. It contains no petroleum distillates, but quickly emulsifies tar, asphalt, bitumen and asphalt based plastic cement. Dissolve's fast action and easy water rinse cuts clean-up time and labor.

Epoxy Concrete Patch

A two-part epoxy patch for concrete. It will give you a fast, long-lasting, efficient way to patch concrete. Easy to work with. Stronger than original concrete.

High Performance Pothole Patch

Effective patching of all pavement surfaces (asphalt, concrete, etc.) regardless of weather conditions. Patch will stick to asphalt or concrete without primer or tack coat. Surface can be wet or dry. Temperatures can be as low as -15°F.

Hy-Kool-FBM

Hy-Kool-FBM represents a new line of commercially available synthetic machining coolants. Hy-Kool-FBM has superior cooling and wetting properties that result in longer tool and wheel life. Hy-Kool-FBM has an excellent extreme pressure additive package which allows for machining of ferrous and non-ferrous alloys. This product has shown exceptional finish characteristics on aluminum and various steel alloys.

Hy-Kool 1920

Hy-Kool 1920 is a synthetic coolant with superior cooling and wetting properties that produce excellent tool life and surface finish. Hy-Kool 1920 has an excellent extreme pressure additive package, which allows for machining of ferrous and non-ferrous metals. This product has a long sump life and is very efficient at rejecting tramp oil. Typical use dilutions are 3% to the 10% depending on the severity of the application.

Ice Melt

Pellets of calcium chloride provide quick de-icing and thorough penetration of ice. Strong residual action and no powdery residue. Ice melt is economical and proven easiest on concrete and, when used as recommended, is the least damaging to concrete.

Ice Sycle Liquid Ice Melting Compound

For use through a pressure sprayer or sprinkling can. Effective at temperatures as low as -30°F. Won't erode asphalt or concrete. No tracking and not harmful to vegetation. Prevents refreeze for hours on walks and driveways.

Jackhammer Super Concentrated

A powerful and completely safe acid replacement cleaning system, Jackhammer replaces acid and acid blend products to take care of a large variety of cleaning and maintenance problems. It is a viscous liquid that clings to the surfaces to be cleaned. This increases dwell time and allows for cleaning of slanted and vertical surfaces. Jackhammer is very safe and easy to use, not hazardous, corrosive or toxic. Also available in ready-to-use quarts.

Kwik Patch

A very fast setting liquid patch for concrete that fills small holes and cracks. Ready for traffic in 15 minutes.

Kwik-Stik

Steel-Reinforced Repair Putty

Kwik-Stik seals leaks, patches cracks and mends almost anything. It repairs metals, wood, glass ceramic, plaster, concrete, fiberglass and many plastics. Kwik-Stik can be drilled, tapped, filled, sanded and painted like metal. Repairs sink traps, oil and water tanks, dethreaded screws and bolts, and radiators. Even works under water.

Lime Go Green

Contains no hydrochloric acid. A concentrated blend of mild acids, detergents, wetting agents, and emulsifiers provide excellent cleaning for dishwashing machines, steam tables, all acid-resistant porcelain such as sinks, toilets, etc. Loosens the lime and calcium deposits and floats them safely away. Removes soap scum from shower stalls. Non-fuming.

Lime Gone Red

A hydrochloric acid with wetting agents and inhibitors to help clean and protect metal parts from the acid. Used for dissolving lime, mineral and scale on hard surfaces such as machinery, water meters, and cement trucks. Also use for cleaning radiators, cooling systems and boilers.

Power Kleen I

Sump Cleaner

Power Kleen I is a water soluble, solvent emulsion sump cleaner. Power Kleen I is designed for use in machines prior to recharging machine with soluble oils and semi-synthetic coolants. Power Kleen I when used properly will clean a machine and the corresponding sump of: oil, sludge, bacteria and fungus. Power Kleen I is an essential part of testing new coolants.

Power Kleen II

Sump Cleaner

Power Kleen II machine cleaner is a combination machine tool cleaner and biocide/ fungicide. It is intended for use primarily as a machine tool coolant sump cleaner before recharge with a fresh charge of coolant. It contains a highly effective biocide/fungicide to control bacteria, yeast, mold and fungi commonly found in contaminated water-mix cutting fluids. Those bacteria/fungi are generally held responsible for the unpleasant "Monday Morning Odor" of a machine shut down for several days. Power Kleen II has a detergent action which penetrates oil and sludge build up and will flush out accumulated material in the system. Power Kleen II is designed for water soluble and synthetic oils.

RC-39 Descaler

A hydrochloric acid used to remove hard water scale from hot water coils, steam cleaners and other heat exchange equipment. RC-39 contains inhibitors to prevent excessive corrosion on steel, copper, stainless steel and iron during descaling.

Special Stainless Steel and Aluminum Cleaner and Brightener

This product is specially formulated to instantly remove soil, grease, oxidation and corrosion from aluminum surfaces. Great for use on aluminum truck bodies, screens, trailers, airplanes and window trim. Cleans and brightens instantly. No rubbing necessary. This product also prepares the aluminum surface if it is to be painted.

Take Off Towel

Graffiti and Spray Paint Remover

Take Off towel is a unique one step cleaning system combining both a high-quality graffiti remover formula and a highly absorbent, abrasive, non-scratching towel. The formulation will penetrate, loosen, break down and dissolve spray paint and graffiti, allowing the towel to absorb and hold residue without redepositing dissolved contaminants back onto surface being cleaned.

Water Treatment

Complete Water Treatment chemicals for hot water boiler steam and cooling towers. Complete lab testing and custom blending to your specific needs.

Winter Guard Ice Control Product

Effective at extremely low temperatures. Do not dilute. Effective around railroad switches, coal belts, link-belts or any vertical or sloping surface. Actually breaks the ice bonded to your surface. Guards against the formation of ice for extended periods of time.

Deodorizers

Absolve

Takes the dirty work out of cleaning up vomit, food spills, incontinency and other malodor sources. Instantly gels and binds liquid and semi-liquid accidents for quick and easy removal. Instantly deodorizes the accident with OCP formula. Instantly covers unsightly accidents. Gel safely flushes down toilets and drains. Biodegradable, environmentally safe and non-toxic

Bea-Tab

Tablets For Odor Control

Bea-Tab tablets deliver a powerful form of neutralization and counteractant chemical, a clean fresh fragrance, surfactants, and conditioning aids—all in a convenient tablet form.

Contro Mist Air Fresheners

A truly unique combination of 8 ingredients, alters and destroys such odors as smoke, decay, urine, feces, solvent, vomit, cooking odors and more. The metered valve delivers precise spray volumes in an ultra fine mist to effectively freshen rooms up to 6,000 cubic feet. Available in many different fragrances.

Deodorizing Urinal Screens

A soft flexible rubber screen that is saturated with a pleasant fragrance. Will fit any size or shape urinal.

Deodorizing Urinal Blocks

Pure paradichlorobenzene. 100% usable, long-lasting and pleasantly perfumed. Each block is individually cellophane wrapped. Available in pleasing wild cherry fragrance.

Dry Deodorizer

Premium Dry Spray Without Ozone Depleters

A breakthrough formulation with excellent performance, bloom and suspension time, ultra fine particles, no fall out, and no residues, this product achieves an incredibly dry spray without using ozone depleters and contains less than 30% total VOC contents! In addition, it includes fragrance made from nature's best botanical fragrance oils and two odor counteractants for maximum deodorizing power. The dual system quickly neutralizes malodors even on smoke, decay, urine, feces, solvent, vomit, cooking, animal and more. The new light-touch actuator makes for effortless pinpoint spray control, and when used as directed, this advanced formula will effectively freshen without staining or leaving a residue. Available in Cool Breeze, Wild Berry Patch, Apple Pie, and Peach Pie.

Enzy Tab & Enzy Rim Stick

This complete bathroom maintenance system in a disposable one piece unit is so unique, a patent has been applied for. Each time the fixture is flushed, a pre-measured amount of chemical compounds, enzyme and powerful cleansers are released that descale, delime, prevent bacteria growth, deodorize and maintain the fixture and drain lines. Enzy Tab & Enzy Rim Stick attack toilet odors two ways: by removing uremic salts that accumulate in the drain, and by dispensing a mild, pleasant scent. It also helps keep the drain lines clear and free flowing by depositing a micro-thin coating that seals and protects, and by releasing an enzyme that digests most organic materials. The products last an average of 30 days, under normal conditions, due to its unique design that protects the chemical block from excessive erosion caused by rushing water as well as debris dropped into the fixture. Enzy Tabs are for urinals, and Enzy Rim Sticks are for toilets.

Fresh Gels

Gelled air freshener in a can. Just pop the top and you will receive a cherry or citrus fragrance. Lasts approximately 60 days.

Fresh-N-Up

Liquid Cartridge Deodorizing System

This system features a maintenance-free, one-piece unit designed to keep problem areas odor free 24 hours a day. A battery-operated fan continuously draws and distributes your choice of pleasant fragrance from a liquid or gel cartridge. The cartridge contains a 30-day supply of deodorizer to provide continuous odor control. This unique system offers a consistent level of fragrance throughout the lifetime of the cartridge. A convenient window allows for easy monitoring of the cartridge level. The small, attractive unit blends in well with any décor and comes with an adhesive backing for easy mount.

Monitor 4 UFO

Urinal Unit

Specially engineered beveled ribs prevent splash and ensure uniform flow-through. Designed to fit snugly on urinals of all shapes and sizes. Each time water activates the unit, a bright blue color is released to ensure that the powerful odor-fighting, scale-dissolving agents are on the job! Contains 100% active material.

Monitor 4 Rim Sticks

Baffles designed to direct the water flow for uniform dissolving of the toilet stick. Water activates the bright blue color of sanitation assurance. Cleans with every flush. Contains 100% active material.

Odor Bea Gone

A safe and simple way to eliminate environmental malodors. Odor Bea Gone is not a masker, but rather a true deodorant which effectively eliminates the source of the malodor. Odor Bea Gone is non-toxic, non-corrosive, non-staining, non-discoloring and non-masking. Especially designed to eliminate fire and smoke odors.

Odor Up

Ideal for use in trash cans, dumpsters, kennels and cigarette urns. Leaves carpets with that "just cleaned" scent all day long. Formulated with OCP for 24 hours of long-lasting institutional strength deodorization. Concentrated 1 ounce per 100 square feet.

Peaches & Cream

Odor Counteractant

Peaches & Cream is a water soluble concentrated odor counteractant deodorant. Not a masking agent, this product is designed to destroy malodors produced by organic sources, and many other types of odor causing deposits. Peaches & Cream has a pleasant peach fragrance.

Smel-Repel

Smel-Repel is a granulated odor neutralizer that can be sprinkled on or near any odor source to eliminate malodor problems. Sprinkle as needed to effectively control odors. One application will last 5-7 days. Also reduces or eliminates pests that visit garbage areas.

Tange A Peel

Odor Counteractant

Tange A Peel is a water soluble concentrated odor counteractant deodorant. Not a masking agent, this product is designed to destroy malodors produced by organic sources, and many other types of odor causing deposits. Tange A Peel has a pleasant mild citrus fragrance.

AP Sealer

AP Sealer saves work since fewer finish coats are required. Restores color to old, tired-looking floors. Makes any wax or finish used over AP Sealer look great. Simple to use, dries quickly.

Amazing White Polish

The greatest breakthrough in floor finish technology since the development of zinc crosslinking. Wear properties and gloss retention are dramatically superior to finishes based on any previous chemistry. Achieves "wet look" gloss with the use of low and high speed spray buffing and ultra high speed burnishing. Contains new thermodynamic polymers (TDP) which impart resistance to abrasion and high temperatures.

Bea-tween

Carpet & Spot Remover

This uniquely formulated product is a blend of effective dry and wet cleaning compounds and degreasers that quickly remove spots and stains caused by grease, oil, dirt, mud, salt, ketchup, coffee, alcoholic beverages, soft drinks, chocolate, urine, blood and vomit. Power-deodorizes with malodor counteractants as it penetrates and cleans, without leaving residue. Freshens and brightens as it restores nap and texture.

Blue Magic

A non-filming, non-corrosive cleaner that has a pH of exactly 7.0. It emulsifies oils, grease, cutting oil and other forms of organic and inorganic soil. Blue Magic leaves no film or alkaline residue so it is ideal for damp mopping.

Carpet Cleaning Concentrate

A concentrated liquid compound composed of alkaline builders, penetrants, cleaning solvents and emulsifiers. Use in carpet steamer and for mop-on spray or spray pad applications. Use for spot cleaning or pre-cleaning traffic lanes. Low foam. Contains an optical brightener to make light carpets look brighter.

De-Foam

This concentrated product may be used anywhere that suds cause a problem. It quickly penetrates and breaks down bubbles. No solvents, caustic, acids or fumes.

Oil Modified Urethane

Oil Modified Urethane gives protection and beauty to concrete and wood. It forms a tough, high-gloss finish that lasts and lasts. It features easy maintenance, easy application and anti-pollution solvents.

Restore

Extractor Rug Shampoo

This rug shampoo restores carpeting to its original cleanliness by removing old shampoo build up, lime deposits, salt, grease, soil and residue. Restore has built in optical brighteners to bring back colors in your carpets. Contains corrosion inhibitors and softening agents. For portable or truck mount extraction units.

Safe Step

This product removes slippery grease and soapy build-up from quarry tile and concrete floors. It deep cleans by penetrating and reopening the pores of the floor. May be used straight or diluted. Easy-to-use and economical.

Strip Eze

Efficient removal of all water-based floor waxes, floor finishes and floor sealers, including water-based urethanes. Because of its no rinse stripper chemistry, any remaining Strip Eze residue evaporates, leaving floor neutral and ready for refinishing.

Tough Stuff & Tougher Stuff

Non-flammable, Non-toxic, Water-base Urethane

These products are exceptionally durable and abrasion resistant. Easy to apply, easy to maintain. Dries quickly to a very high shine.

Twist & Shout Carpet & Fabric Wipe

A ready-to-use carpet and fabric wipe pre-moistened with a spotter, deodorizer, multiple enzymes and a protectant. Twist & Shout will remove a stain or spot, deodorize and leave a protectant to resist soiling.

Spot Not

Spot Not contains a proprietary odor counteractant enabling it to deodorize while it removes stains. Cleans soiled traffic lanes, pet stains, upholstery and fabrics. Safe to use on all water-safe carpets, including those with stain resistant warranties.

Turf and Grounds Control Products

Aqua Clear

Aquatic, Non-Selective Weed Killer

Aqua clear is a non-selective, aquatic herbicide, which is used to control floating and submerged weeds. When used as a directed this product will kill almost all forms of plant growth without damage to the soil. Absorption and herbicide action is usually quite rapid with effects visible in a few days. This product is deactivated on contact with the soil.

BVK-94

Weed Killer and Soil Sterilant

This non-selective and residual herbicide is to be used as a spray to kill vegetation on non-cropland areas. BVK-94 is formulated for industrial and municipal weed control, and designated for use in areas where all vegetation is to be killed. This product is ready-to-use, contains 2, 4-D and is bromacil based. EPA registered.

LVK-101

Emulsifiable Vegetation Killer

LVK-101 is a concentrated, 4.66% prometon, non-selective total weed killer. Dilutes 1:10 with water to 1250 square feet of turf. Controls a wide variety of annual and perennial grasses and weeds. Kills through foliage contact and root absorption.

Super Wet

Concentrated surfactant-based wetting agent for a variety of industrial, institutional and agricultural uses. Super Wet reduces soil and water tension. Helps reduce soil compaction or hardness. Also helps to increase the effectiveness of fertilizers, insecticides, fungicides and herbicides.

Bowl Cleaners / Disinfectants

Bea-Dew

Chlorinated, Self-Foaming, Alkaline Cleaner

Enjoy an aggressive foam cleaner that is fortified with bleach and detergents to attack mildew stains. The long-lasting foam makes it an excellent choice for the scrubbing of walls, floors, and counters, and it can be used with a spray nozzle.

Bea-Free

Bea-Free is a non-acid cleaner and disinfectant formula that is safe and effective on all bathroom surfaces. It cleans, deodorizes and disinfects sinks, tile, tubs, shower stalls, toilet bowls and urinals. Bea-Free is safe and easy to use, and its pleasant, clean fragrance deodorizes as it cleans.

Bea-Kleen

Disinfectant - Cleaner - Mildewstat - Deodorizer

This proven "one-step" formulation is effective in water up to 400 ppm hardness in the presence of 5% serum contamination at 4 ounces per gallon. Bea-Kleen will remove hard water deposits and lime soap build-ups when uses as directed. For hospital, institutional and industrial use as a cleaner, sanitizer, mildewstat, deodorizer, fungicide and fungistat.

Brite Blue

This disinfectant cleaner is designed for hospital, general industrial and institutional use. It may be used to clean and disinfect toilet bowls, urinals, porcelain sinks, bathtubs, shower tile and ceramic tile floors. Its broad spectrum activity cleans, descales, deodorizes and disinfects in one easy step.

Duo-Kleen

Neutral Cleaner

Dou-Kleen's powerful degreasing capacity is due to a combination of surfactant quats and special emulsifiers. It disinfects environmental surfaces and will not harm painted surfaces or floor finishes. Available in pine, lemon and mint, it leaves a pleasant scent even at high dilutions. EPA registered.

Enzy Bol

Non-Acid Bowl Cleaner

This bio-enzymatic cleaner and digester contains a selection of specialized bacterial strains and chemical cleaners specifically designed to make your toilets, sinks, showers and pipelines sparkle. Enzy Bol will destroy malodors at their source and help maintain drain lines and sewage treatment systems. 100% biodegradable.

Germ-Bea-Gone

At 1:64 or 2 ounces per gallon use dilution, Germ-Bea-Gone disinfects, cleans and deodorizes in one labor saving step. Its neutral pH and water conditioning agents provide excellent cleaning without dulling wet-look floors. Recommended for use in hospitals, nursing homes, schools, veterinary clinics, laboratories, kennels, dairy establishments, hotels and motels.

Pinee-Foam

Broad Spectrum Germicide

This ready-to-use foaming disinfectant cleaner is the perfect convenience product for a variety of cleaning tasks. Cleans, disinfects and deodorizes in one easy operation.

Stix

Designed to clean, deodorize and disinfect toilet bowls, urinals, sinks, bathtubs and shower walls, Stix will kill only odor causing bacteria. It removes scale, soap scum and filth. It clings to vertical surfaces for maximum penetration and faster, more thorough cleaning.

Supreme Bowl Cleaner

A highly-concentrated, emulsion bowl cleaner formulated to give maximum cleaning efficiency in removing rust, scale, urinary salts and soils from urinals and toilet bowls. Supreme Bowl Cleaner is the standard in the industry for use in schools, factories, taverns, bowling alleys and other institutions where many people use the toilet facilities.

Sani Bea

A thick, clinging, low 7.5% hydrochloric acid bowl cleaner combined with rich detergents, surfactants and a disinfectant. Use to remove rust stains, calcium and other deposits.

Velvet Scrub

Non-acid, heavy bodied and clinging, Velvet Scrub penetrates, scours, deep cleans and controls the growth of bacteria. Its polishing agents leave a high gloss and polymer protection. It can also be used to remove stubborn grease and grime. Biodegradable. EPA registered.

Total Klean

A ready to use, heavy-duty multi-purpose cleaner designed for cleaning restrooms, showers, tubs and tiles. It removes soap scum, mineral deposits, mildew stains and light rust. It leaves cleaned surfaces sparkling clean. Thick clinging foam cleans many hard surfaces, including fiberglass, porcelain, stainless steel, chrome, melamine, ceramic and quarry tiles. Not for use on marble, polished aluminum surfaces, granite, terrazzo, natural stone, or Formica. Always rinse off the chemical with water. Do not mix with bleach.

Naturally Cleaning Products

Bio-Jel

A heavy-duty industrial strength gel degreaser that quickly dissolves and removes grease, tar, asphalt, road oil, roofing compound, road bugs, bitumen, etc. Clings to vertical and horizontal surfaces to control usage and avoid excessive runoff. Self-indicating white gel turns color of soil to indicate solvent activity. Water-emulsifiable, flushes off easily. Safe and effective on most surfaces.

Bio-Kleen

A powerful, fast-acting, foam cleaner that cuts through grease, dirt and grime on all hard surfaces. Foam clings to vertical surfaces to allow for quick spot cleaning. Deodorizes as it cleans, leaving a fresh citrus fragrance.

Bio-Strip

A high-power foam cleaner that clings to all surfaces and immediately goes to work. Will not attack paint while removing wax build-up. Contains no harsh or foul chemical odors. Use on baseboards, corners, edges, stairs, tile and porcelain. Effective on most floor finishes.

Terp-A-Klean

A natural citrus base product that is an excellent degreaser, declogger and deodorizer. Easily emulsifies with water. Exhibits excellent degreasing action on solvent base spots and stains. Regular use will keep drains clean, deodorized and free flowing. Controls odor around sewage treatment plants, dumpsters and landfill areas while not affecting bacterial action.

Bea-Bomb II

Total Release Room-Fogging Insecticide

Treats up to 6000 cubic feet (25' long, 24' wide, 10' high). Kills fleas, ticks, houseflies, mosquitoes, cockroaches, spiders, centipedes, wasps, small flying moths, crickets and silverfish. Controls adult fleas and larvae for up to 4 weeks. For homes, apartments, attics, basements, garages, kennels, etc.

Bea Fect

This powerful hospital disinfectant and deodorant acts quickly on germ-laden surfaces, such as toilet seats, telephones, refuse containers, etc. Disinfects 14 different organisms. Acts instantly and remains effective for long periods, destroying unpleasant odors.

Chewing Gum and Candlewax Remover

Spray accomplishes a quick-freezing action to embrittle gum or wax so that it can be removed by chipping or scraping from surface.

Defensive Guard

This concentrated blend of poly and silicone ingredients provides a tough, protective film that buffs to a lustrous shine. Waterproof after application, withstands multiple washings, blocks out ultraviolet rays, dirt, oxides and acid vapors. Also inhibits cracking, fading and hardening of rubber, vinyl, leather and wood.

Dust Free

Removes dust from any surface, and prevents it from scattering. Specially blended preservative oils cause dust to gather into lint for easy removal. Emulsifies easily in water so it can be readily washed out of cloth or mop.

Instant Kleen

Spray and Wipe Germicidal Cleaner

An active foam cleans and disinfects fast and easy, even on vertical surfaces. Removes stains, rings and discolorations without abrasives and does not require rinsing on non-food surfaces. Leaves the surface odor-free. EPA registered. USDA approved.

Kleer Vu

Glass and Light Utility Cleaner

Easily dissolves smudges, film, grime, bugs, etc. Just spray on and wipe off. Leaves no streaks, residue or haze. Gets glass squeaky clean and crystal clear. Pleasant scented. USDA approved.

Knock Out

Fast knockdown of a wide spectrum of crawling and flying insect pests. Stronger killing activity than natural pyrethrins. The special blaster valve gives a billowing fog. Three to four seconds of spraying clears 1000 cubic feet. Light floral fragrance. EPA registered.

Lavish

This stainless steel cleaner and polish quickly removes spots, watermarks, fingerprints, grease, oil, and film. Gives metal a high luster while it cleans, preserves and protects.

Lemon Sheen

Specially formulated for use on fine furniture, Lemon Sheen contains natural Carnuba wax and lemon oil cold pressed from prime rinds. Cleans, beautifies, preserves and protects by restoring some of the natural oils that dry out. Removes stains, smudges and fingerprints. Leaves a clean, bright, hard finish.

Microguard

Microguard is a micronic protective and repellent cleaner and coating for plastics and glass. Clear, invisible, anti-fog, anti-static, anti-smudge. Repels dirt, dust, chemicals. Effective indoors and outdoors. Prevents fogging on bathroom and locker-room doors. Excellent for cleaning computer screens, radar screens and glass display cases.

Shine-On

Stainless Steel Cleaner and Polish

Maintains spotlessly clean finished metal surfaces. Removes water spots as well as greasy stains. Polishes as it cleans, leaving a unique coating which resist further soiling. Contains no petroleum distillates or chlorinated solvents. All ingredients are edible. Cleaning cloths will not support spontaneous combustion. USDA authorized.

Sling Shot

Wasp and Hornet Spray

A special formula gives this product extra knock-down power and faster killing action on wasps and hornets. Powerful, non-conductive shotgun spray will shoot up to 20 feet. Residual action will continue to kill wasps and hornets returning to nest after it has been saturated. EPA registered.

Take Off

Vandalism Remover

A combination of solvents and fine powder produce a non-flammable spray for removing all kinds of vandalism from hard surfaces, such as glazed and unglazed tile, oil based painted surfaces, baked enamels and ceramics. Special formula holds to vertical surfaces.

Wipe Out

Crawling Insect Killer

Wipe Out kills fleas and ticks fast. Kills all crawling insects for up to 42 days. For use on floors and carpets in industrial and commercial buildings, warehouses, theatres, motels, restaurants and food processing facilities.

Hand Care Products

Clear-San

This instant hand sanitizing gel is formulated with 60% ethyl alcohol for use in situations where water is unavailable. Leaves hands soft and smooth. Helps meet OSHA's standard for bloodborne pathogens.

High Five

Pre-moistened towels provide fast, easy and effective waterless hand cleaning. Can be used anywhere to remove paint, printers ink, grease, tar, adhesives, sealants, caulk and most other common soils associated with the industrial environment. Also for use by gardeners and landscapers. Pre-moistened towels are excellent for cleaning dirt, grease, and oil from hard non-porous surfaces such as tools, engine parts and countertops. Pre-moistened towels are powerful and safe leaving hands clean, dry and soft. Each canister contains 72 perforated, easy-tear towels.

Hypor

Premium Hand Soap

A high quality, softly perfumed, frosty blue hand and body shampoo. Ideal for light hand washing and showering. The rich, creamy lather leaves skin clean and refreshed.

Korn Scrub

Using the finest grade of natural corn cob scrubbers, pH balanced detergents and mild solvents, Korn Scrub gently removes the toughest, deeply embedded soils without damaging the skin. Natural oils and emollients condition and moisturize while an anti-bacterial agent offers personal protection. Contains no harsh ingredients or strong petroleum solvents. Dispenser sold separately.

Mytee Nice

A versatile product for industrial or office use. Works fast to liquefy and emulsify dirt and soil. Special concentrated blend of citrus oils cuts through and removes grease, carbon, paint, adhesives, tar and grime. Pleasant orange fragrance. Does not contain solvents so you can use it in the office or on the road without water because MYTEE-NICE's oils do the cleaning...not the water. Petroleum solvent free. Non-abrasive.

Skin Shield Cream

An invisible protective cream, which shields the skin from contact with acids, salts, corrosive alkalis, epoxies and other water or oil soluble chemicals. Forms a highly protective barrier between skin and dirt, oil, grease, solvent, resins, tar, ink and shop grime.

Smooth Scrub

A heavy-duty hand cleaner for the tough jobs, Smooth Scrub effectively removes grease, oil, paint and more without the use of petroleum solvents, plastics or phosphates which can leave hands feeling dry and rough. Smooth Scrub is enriched with natural soybean oils to soften and moisturize skin and leaves no sticky residue. Available in a fresh orange fragrance.

Triple Crown

Heavy duty detergents clean thoroughly. Rich lather and tiny scrubbers work together to dig out and float away tough soils. Solvent free—will not leave skin dry or irritated. Contains the antiseptic, germicide, antimicrobial ingredient PCMX (Parachlorometaxyleneol). PCMX's broad spectrum of microbial activity has proven itself effective against every vegetative microorganism tested to date. Enriched with skin conditions Lanolin (an emollient that conditions and softens skin) and Glycerin (a humectant that helps skin retain natural moisture).
